EMBROIDERY STITCHES

LAZY DAISY

For each petal: Bring needle out of fabric at A.

Insert at B and out again at C, holding yarn underneath needle. Secure loop in place with a small stitch at C. Work required number of petals in a circle to form a flower.

BULLION STITCH

Bring needle out of fabric at A.

Make a back stitch by inserting needle at B and out again at A, without pulling the needle right through. The length of this stitch is the length of the bullion stitch. Wind the yarn around the point of the needle as many times as required to cover the stitch length. Holding the left thumb over the coiled thread, pull the needle right through. Still holding the coiled thread insert needle back through fabric at B and pull right through.

A cluster of bullion stitches makes a grub rose.

PEARLY QUEEN

A hat for a little baby. Made with very soft 4ply baby wool it easy simple to make and will keep your little ones head snugly warm.

MEASUREMENTS

SIZE – FITS – 3-9 MONTHS

STITCH GUIDE

HAT

Using 3.25mm Knitting Needles, and Cream 4 ply Wool cast on 115 sts. Work in K1, P1 rib until work measures 2cm.

Eyelet row: Rib 1,* yrn, Rib 2tog, rep from * to end.

Work in K1, P1 rib until work measures 14cms from beg.

Shape Top

Dec row: Rib 2, (work 3 tog, rib 3), 18 times, work 3 tog, rib 2.

Rib 3 rows without shaping.

Dec row: Rib 1, (work 3 tog, rib 1), 19 times.

Dec row: Rib 1 (Rib 2tog) to end. 20 sts.

Break off yarn. Thread through rem sts, pull up tightly and fasten off.

Join seam, reversing seam at lower third to allow for turning up of brim.

SEWING ON BUTTONS

Pink buttons are sewn on at the crown and cream ones lower down. Sew on as many or as few as you prefer. However each button does need to be sewn on individually as otherwise the hat will lose its stretch. Make sure all buttons are sewn on

very firmly. Turn up brim and thread ribbon through eyelet holes.

Designers note: Normally I would not put buttons on a hat in case they accidentally found their way into mouths or noses or somewhere else they shouldn't. However because this is for such a little person, unlikely to be whipping it off of their own accord I felt I could indulge a flight of fancy for buttons and bows in this little confection.

Decrease Round: Using White K2tog, K22, K2tog tbl, K2tog, K22, K2tog tbl.

Continue decreasing in this manner (2 stitches less on each decrease round until 40 stitches rem in round and then decrease on every other stripe until 12 stitches in total rem.

Next Round: Knit 2tog all around. Break off yarn, thread through rem sts, pull up tightly and fasten off.

Place stitches back on Double Pointed Needles and rejoin yarn to Centre Front of Hat. Commence knitting at this point.

Complete to match first side. Reversing colours.

KNITTED BALLS (MAKE 2, 1 BLUE AND 1 WHITE)

Using 2.00mm Needles and 4 ply, cast on 12 sts.

Row 1: Knit

Row 2: P10, wrap.

Row 3: K8, wrap.

Row 4: P6, wrap.

Row 5: K4, wrap.

Row 6: Purl.

Rep these 6 rows a further 4 times. Cast off.

With RS together sew side seam half way. Turn the right way out and stuff firmly. Sew the remainder of the seam and then run a gathering thread around the cast on edge. Pull up firmly and fasten off. Do the same with the other end. Making sure you have sufficient filling and have made a nice round firm ball.

"I" CORDS

Make 6 "I" Cords 2 .12 cm in length to attach the balls to and 4 more 10 cm to knot. Using 2.00mm double pointed needles and 4 ply, Cast on 3 sts and then commence the "I" Cord. Knit the stitches, slide them to the end of the needle, pull the yarn firmly behind and knit the stitches again, continuing in this manner until each cord is the

desired length. K2tog. Psso, Fasten off.

MAKING UP

Darn in all ends. There may be a tiny opening between the two peaks. Carefully stitch this closed. Sew a blue ball to a white "I" Cord and stitch this to the end of one peak along with 2 further "I" Cords knot these if desired. Repeat for the other peak, reversing the colours. This hat may benefit from being lightly pressed with a warm iron before being finished, but be careful not to flatten the ribbed pattern. Finally turn up the brim and knot the two peaks in a loose knot. Your Jester Beanie is now ready for action.

GLOSSARY

BEGINNER'S TOOL KIT

PINS

Plastic-head pins are useful for checking tension and blocking out items. Pins with coloured heads are best because they do not get lost in your work.

ROW COUNTER

A row counter is helpful for keeping track of rows worked, particularly where increases, decreases or other kinds of patterning occur.

KNITTING NEEDLES

Knitting needles are made from plastic, aluminium or wood and come in varying lengths and widths. Straight needles come in pairs and doublepointed needles come in sets of four.

KNITTING BAG

A knitting bag is essential for those who like to knit 'on the go'. Not only is it a practical way to keep all your knitting paraphernalia together, it also helps keep the yarn clean and tangle-free.

CIRCULAR KNITTING NEEDLES

Circular needles have two working ends joined by a thin nylon wire. They are more balanced than straight needles and allow the weight of your work to rest in your lap.

KNITTER'S NEEDLES

Knitter's needles need to have a large eye and a blunt point so they do not split stitches when sewing up your knitting.

STITCH HOLDER

A stitch holder is used to secure stitches not in use. You can also use safety pins for holding a small number of stitches.

KNITTING IN ELASTIC

Elastic yarn prevents sagging in cuffs, collars and waists. You can work it in with knitting yarn on knitted or crocheted garments.

TAPE MEASURE

A basic tape measure is essential for checking your garment measurements.

STITCH GAUGE

A stitch gauge is a flat piece of metal or plastic with a ruler marked on one side and/or a window

cut out in the centre. It allows you to mark and measure easily and accurately.

Diagram 1

Diagram 2

CASTING ON

Casting on is creating a row of loops on a knitting needle to form the base row for your knitting. One of the most popular methods of casting on is the cable cast on. Form a slipknot about 25cm away from the end of the yarn.

Place the slipknot on a knitting needle and pull gently to secure. Hold this needle in your left hand. Insert the right-hand needle through the slip knot. Pass the yarn over the point of the right-hand needle (see Diagram 1).

Pull a loop through the slip knot with the right-hand needle (see Diagram 2). Place this loop on the left-hand needle and gently pull the yarn to secure the stitch. For the remaining cast-on stitches, insert the right-hand needle between the slip knot and the first stitch on the left-hand needle. Wind the yarn around the point of the right-hand needle. Draw a loop through and place this loop on the left-hand needle. Continue in this manner until you have cast on the desired number of stitches.

KNIT STITCH

Diagram 1

Diagram 2

Once you have cast on, you then knit into the stitches you have made to form the knitted fabric. Hold the needle with the cast on stitches in your left hand, with the loose yarn at the back of your work. Insert the right-hand needle from left to right through the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from left to right over the point of the right-hand needle (see Diagram 2). Draw the

yarn through the stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To knit a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

PURL STITCH

Diagram 1

Diagram 2

The purl stitch is basically the reverse of the knit stitch. Hold the needle with the stitches on in your left hand, with the loose yarn at the front of your work. Insert the right-hand needle from right to left into the front of the first stitch on the left-hand needle (see Diagram 1). Wind the yarn from right to left over the point of the right-hand needle (see Diagram 2). Draw the yarn through the

stitch to form a new stitch on the right-hand needle. Slip the original stitch off the left-hand needle, keeping the new stitch on the right-hand needle. To purl a row, repeat these steps until all the stitches have been transferred from the left-hand needle to the right-hand needle. Turn your work, transferring the needle with the stitches on into your left hand to work the next row.

CASTING OFF

KNITWISE

Knit two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Knit the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Cut the yarn, leaving a tail and thread the yarn through the loop and pull it firmly to fasten off.

Diagram 1

PURLWISE

Purl two stitches. Use the point of the left-hand needle to lift the first stitch on the right-hand needle over the second, and drop it off the needle. Purl the next stitch on the left-hand needle so that there are two stitches on the right-hand needle again, and repeat. Continue in this manner until all the stitches have been worked off the left-hand needle and only one stitch remains on the right-hand needle. Secure this last stitch as described in casting off knitwise.

Diagram 2

SUBSTITUTING YARNS

If you substitute or spin a yarn for a project, you can compare the weight of the yarn to the project yarn by comparing wraps per inch. Wrap your yarn around a ruler for one inch and count the number of wraps. If you have more wraps per inch than the project yarn, your yarn is too thin; if you have fewer wraps per inch than the project yarn, your yarn is too thick.

KNITTING TENSION

Checking your knitting tension, that is, the tightness or looseness of your knitting, is important. To check your tension, cast on 30 stitches using the recommended needle size. Work in the pattern until your work measures 10cm from the cast on edge then cast off. You now have a "swatch". Measure your tension by placing a ruler over your swatch and counting the number of stitches

across and rows down (including fractions of stitches and rows) in 10cm. Repeat these measurements two to three times on a different parts of the swatch to check your measurements. If you have more stitches and rows than called for in the instructions, you should use larger needles; if you have fewer, use smaller needles. Check your tension again before starting your project.

PROVISIONAL CAST ON (INVISIBLE CAST ON)

Place a loose slipknot on the needle in your right hand. Hold the waste yarn next to the slipknot and around your left thumb. Hold your working yarn over your left index finger. *Bring the needle forward under the waste yarn, over the working yarn, grab a loop of working yarn (Diagram

1), then bring the needle to the front, over both yarns, and grab a second loop (Diagram 2). Repeat from * until you have the desired number of stitches on your needle. When you're ready to work in the opposite direction, pick out the waste yarn to expose the live stitches.

Diagram 1

Diagram 2

Diagram 1

BACKSTITCH

This is the stitch most commonly used for joining knitted garments. With the right sides of your work together, pin the knitted fabric together with the edges even. The seam should be sewn one full stitch from the end of the row. One stitch should be worked over every row. Thread the yarn needle. Insert the needle through both layers and sew two stitches to the left then one stitch back to the right. Keep stitches at an even distance. Continue working from right to left in this circular motion. (Diagram 1)

TASSELS

Cut yarn twice the length of your desired tassel plus a bit extra for the knot. According to the desired thickness of the tassel, select a number of lengths of yarn. Fold the lengths of yarn in half over a crochet hook. On the wrong side, insert the crochet hook from the front to the back through the edge of the work. Grab the yarn and pull through and tighten. Trim the ends to the same length.

KNOTTED FRINGE

After working a tassel, take one half of the strands from each tassel and knot them with half the strands from the neighbouring tassel. Trim.

CROCHET CHAIN

Make a slip knot on your hook. Pass the yarn over the hook and catch it with the hook and draw it through the loop on the hook. Repeat, drawing yarn through the last loop formed.

DOUBLE CROCHET (DC) (US SINGLE CROCHET SC)

Insert the hook through the top two loops of a stitch. Pass the yarn over the hook and draw up a loop so that you have two loops on the hook (Diagram 1). Pass the yarn over the hook and draw through both loops on the hook (Diagram 2). Continue in the same way, inserting the hook into each stitch (Diagram 3).

HALF TREBLE CROCHET (HTR) (US HALF DOUBLE CROCHET HDC)

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that there are three loops on the hook (Diagram 2). Draw through all three loops on the hook (Diagram 3).

TREBLE CROCHET (TR) (US DOUBLE CROCHET DC)

Diagram 1

Pass the yarn over the hook. Insert the hook through the top two loops of a stitch (Diagram 1). Pass the yarn over the hook and draw up a loop so that you have three loops on the hook (Diagram 2). Pass the yarn over the hook and draw it through the first two loops on the hook, pass the yarn over the hook and draw through the remaining two loops. Continue in the same way, inserting the hook into each stitch (Diagram 3).

**SLIP STITCH CROCHET (SL ST)**

Insert your hook into the stitch. Yarn over the hook and draw the loop through the stitch and loop onto the hook.

I-CORD

With double-pointed needles, cast on the desired number of stitches. *Without turning the needle, slide the stitches to the other end of the needle, pull the yarn around the back and knit the stitches as usual. Repeat from * until your work measures the desired length.

**PICKING UP DROPPED STITCHES**

A dropped stitch can be picked up using a crochet hook and don't be put off by stitches that have unraveled several rows down into the work. To pick up knit stitches, insert the crochet hook into the dropped stitch, draw through the bar lying above the dropped stitch and pull it through the loop of the dropped stitch.
